

RESOLUTION NO. 2021-039

A RESOLUTION OF THE BREA CITY COUNCIL DECLARING THE EXISTENCE OF LEVEL 1 WATER SHORTAGE CONDITIONS

A. RECITALS:

(i) Water is a precious and limited resource, especially in California where drought is a recurring feature of the State's climate.

(ii) California is in a second consecutive year of dry conditions, resulting in drought or near-drought throughout many portions of the State.

(iii) The City desires to continue to promote water conservation, protect water supplies, and prepare for future drought conditions.

(iv) A declaration of Level 1 Water Supply Shortage conditions, as defined in the City's Water Shortage Contingency Plan (WSCP), will assist in avoiding and/or minimizing the effects of water supply restrictions and a water shortage in the City.

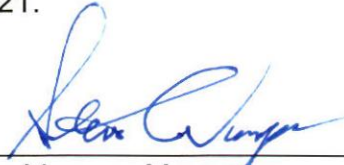

B. RESOLUTION:

NOW, THEREFORE, it is found, determined, and resolved as follows:

1. The facts set forth in the Recitals are true and correct.
